WOMEN IN TROUBLE.

Mis. J. F. Coleman are returned. The Approach of Motherhood is the Occasion of Much Anxiety to All. Every woman dreads the ordeal through which she must pass in becoming a mother. The pain and suffering which is in store for her is a source of constant anxiety, fear and dread, to say nothing of the danger which the coming incident entails. The joyous anticipations with which she looks forward to baby's coming gives way to an indescribable dread of the ordeal when she fully realizes the critical and trying event which will soon approach and
